Black Cherry

1880
 The Black Cherry is a small tree, growing to a height of 10-15 feet. It is native to the mountains of the West, and is found in the same localities as the Red Cherry. The fruit is a small, round, black cherry, and is used for making wine and brandy.

1881
 The Black Cherry is a small tree, growing to a height of 10-15 feet. It is native to the mountains of the West, and is found in the same localities as the Red Cherry. The fruit is a small, round, black cherry, and is used for making wine and brandy.

Clarks Reminiscences

Next above was Mr. Adam Went (a Tailor). He had many children, mostly girls. He had two boys (Philip and John). Philip died single, and John married Miss Fennina Smith. They have a large family. The old couple have been dead many years, and John has the old place. Of the girls, one married Mr. Andrew Huffman. He died, and she married a Mr. Lewis. One married a Mr. Corset, of Kingston. He died, and she married Mr. Haffle Coy, of Kingston. He also is dead. One married Mr. George Smith, of Kingston, and one married Mr. John Coy, of Kingston.
